

Securely Hang Sneeze Guards Where You Need Them

- No need to permanently mount barriers or drill holes in counter tops
- Easy-to-use fasteners for open-beam and drop-ceilings
 - E-Z Twist-On Metal Clip is our strongest twist-on ceiling grid clip
 - Round Red ClikMagnet has up to a 20-lb magnetic pull
 - For finished drywall or wood ceilings, use an eye-screw from your favorite hardware store
- Secure connections between ceiling fasteners and sneeze guards
 - LoopLine for light-weight guards
 - Value-priced option to steel cable
 - 25-lb tensile strength and cuts with scissors
 - UrbanTrapeze and steel cable for heavier guards
 - Create adjustable connecting loops in steel cable
- Visit the “More Info” page on our website or call for the best connection solutions for your project
